PROJECTION EFFECTS

Projection Clock

item:	Projection Clock 50 mm	Projection Clock 70 mm	Projection Clock 105 mm
compatible Graphic Projectors:	GL 40 LED, GL 80 LED	GL 150, GL 200	GL 575, GL 700, GL 1200, indoor & outdoor
size:	Ø 50 mm	Ø 70 mm	Ø 105 mm
item number:	01024720	01003020	01003120

Projection Effects for Graphic Projectors

item:

item number:

5-Gobo Changer

Continuous change of up to five different images. Display time is adjustable. Compatible with GL 1200 and GL 1200 outdoor.

01002010 – white
01002020 – black
01002030 – silver

Shutter synchro

Can be used with a 5-Gobo Changer for a smooth transition from one image to the next.

01002310 – white
01002320 – black
01002330 – silver

Shutter standard

The projected images continuously fades out and in. Display time and fading time can separately be adjusted.

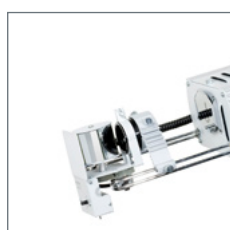

01002210 – white
01002220 – black
01002230 – silver

Circular Motion Mirror

The projected image moves on a circular path. Speed, direction and diameter can be adjusted.

01000010 – white
01000020 – black
01000030 – silver

Running Light Effect

The projected image moves on a straight line in a single direction. Speed and direction can be adjusted.

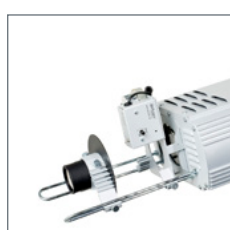

01000410 – white
01000420 – black
01000430 – silver

Rotator 70 mm

The projected image rotates around its centre. Direction of rotation and speed can be adjusted. Gobos must be mounted in a Gobo Cassette.

01000610 – white
01000620 – black
01000630 – silver

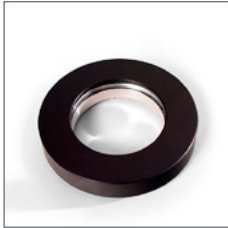

Rotator 105 mm

The projected image rotates around its centre. Direction of rotation and speed can be adjusted. Gobos must be mounted in a Gobo Cassette.

01000710 – white
01000720 – black
01000730 – silver

Projection Effects for Graphic Projectors

item: _____ item number: _____

Gobo Cassette

To be used with a Rotator. One gobo rotates around its centre, an optional second gobo can be mounted stationary.

01010320 – black

2-Facet Prism

The 2-Facet Prism displays two additional images that separate horizontally and then merge again into one.

01001010 – white

01001020 – black

01001030 – silver

4-Facet Prism

The 4-Facet Prism displays four additional images that separate horizontally and then merge again into one.

01015910 – white

01015920 – black

01015930 – silver

Flame Effect

Creates a realistic animated image of red and orange flames. Including glass gobo „flames“.

01002510 – white

01002520 – black

01002530 – silver

Cloud Effect Film

Creates a realistic animated image of white clouds moving against a blue sky. The lifetime of Cloud Effect Film is limited.

01002710 – white

01002720 – black

01002730 – silver

Cloud Effect Dichro

Creates a realistic animated image of white clouds moving against a blue sky. Cloud Effect Dichro is permanent.

01023410 – white

01023420 – black

01023430 – silver

Oil Effect

Projects coloured bubbles that mingle by the rotation of the disk. The lifetime of the Oil Effect is limited.

01002810 – white

01002820 – black

01002830 – silver

Projection Effects for Graphic Projectors

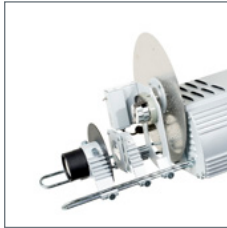

item:

item number:

Snow Effect 70 mm

Projects snow flakes that seem to fall three-dimensional on the set. Snow Effect 70 mm is permanent.

01002910 – white
01002920 – black
01002930 – silver

Snow Effect 105 mm

Projects snow flakes that seem to fall three-dimensional on the set. Snow Effect 105 mm is permanent.

01004010 – white
01004020 – black
01004030 – silver

Wind Effect

The projected image is moved in waves, like a flag that is floating in the wind.

01002410 – white
01002420 – black
01002430 – silver

Water Effect 70 mm

Creates the illusion of moving ripples on the water. Including glass gobo „waves“ and blue colour filter.

01002610 – white
01002620 – black
01002630 – silver

Water Effect 105 mm

Creates the illusion of moving ripples on the water. Including glass gobo „waves“ and blue colour filter.

01022610 – white
01022620 – black
01022630 – silver

Colour Filter Holder

Holder to insert dichroic colour filters. Choose from our standard filters to customize the colour of your projection.

01003710 – white
01003720 – black
01003730 – silver

Projection Effects for Graphic Projectors

item:

item number:

Deflection Mirror standard

Is mounted on the lens to re-direct the projection beam. The angle can be freely adjusted. For 63 mm, 85 mm and 150 mm lenses.

01003310 – white

01003320 – black

01003330 – silver

Deflection Mirror tele

Is mounted on the lens to re-direct the projection beam. The angle can be freely adjusted. For 70 - 120 mm zoom and 241 mm telephoto lenses.

01003410 – white

01003420 – black

01003430 – silver

Deflection Mirror wide

Is mounted on the lens to re-direct the projection beam. The angle can be freely adjusted. For 45 mm wide angle lenses.

01004110 – white

01004120 – black

01004130 – silver

Mounting Options for Graphic Projectors

item:

item number:

Mounting Plate 180 mm

To install graphic projectors on a flat surface or to mount them to a wall or ceiling.

03000010 – white
03000020 – black
03000030 – silver

Mounting Plate 280 mm

To install graphic projectors on a flat surface or to mount them to a wall or ceiling.

03000110 – white
03000120 – black
03000130 – silver

Track Lighting Pendant

To suspend graphic projectors from a 3-circuit lighting track.

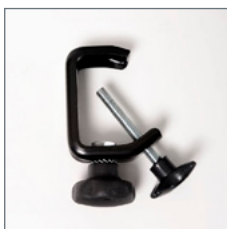

03000200

Track Lighting Adapter

Adapter to connect a German safety plug to a 3-circuit lighting track.

03000410 – white
03000420 – black

Pipe Clamp 10 kg

Clamp to attach graphic projectors to pipes or traverses. Maximum load: 10 kg.

03000820 – black

Pipe Clamp 20 kg

Clamp to attach graphic projectors to pipes or traverses. Maximum load: 20 kg.

03000930 – silver

Tripod 2 m

Extendable tripod to install graphic projectors.
